

PETC – DOTr IT Provider Accreditation Documents

This folder contains the documentation package submitted to the Department of Transportation (DOTr) for IT Provider accreditation of the PETC (Private Emission Testing Center) Data Submission SaaS.

Required Deliverables

#	Deliverable	File	Status
1	Client Application Program Manual	01-client-application-manual.md	Draft v0.2
2	Set-up and Network Lay-out	02-setup-and-network-layout.md	Draft v0.2
3	System Documentation	03-system-documentation.md	Draft v0.2
4	Client Application Program Source Code	04-source-code/ (live repo, read-only access)	Draft v0.1
5	Sample of CEC Documents	05-cec-samples/	Draft v0.1
6	Network Architecture / Diagram	06-network-architecture.md	Draft v0.1

Export to Word/PDF

Each Markdown document is structured for clean export to Microsoft Word or PDF using Pandoc:

```
pandoc 03-system-documentation.md \  
  -o 03-system-documentation.docx \  
  --reference-doc=reference.docx \  
  --toc
```

Use the `--reference-doc` flag if a formal template is provided by DOTr or LTO.

Document Control
